

HEIGHTS & STEPS®

SINGLE LADDER

— Reach Higher. **Work Safer.** —

Premium Aluminium Access Solution For
Industrial, Commercial & Professional Applications

ENGINEERED FOR PROFESSIONAL PERFORMANCE

Are you looking for a dependable access solution for elevated work?

The Heights & Steps Single Ladder is built from premium aluminium alloy and designed for industrial, commercial, construction and maintenance applications where strength, safety and reliability matter.

**ONE PIECE
CONSTRUCTION**

**INDUSTRIAL GRADE
ALUMINIUM**

**CORROSION
RESISTANT**

**LIGHTWEIGHT
YET STRONG**

**HEAVY DUTY
PERFORMANCE**

**RELIABLE
AND SAFE**

BUILT FOR STRENGTH. DESIGNED FOR SAFETY.

01**VARIABLE THICKNESS**

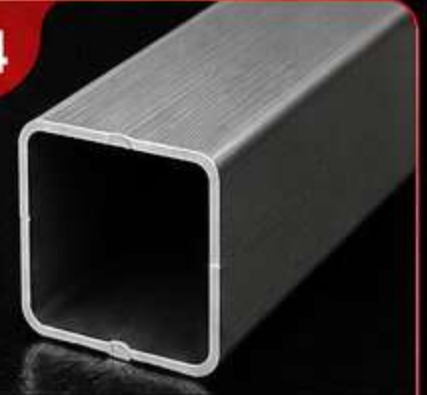

Engineered with variable thickness for optimized strength and durability.

02**HEAVY DUTY RUNGS**

Strong, wide rungs provide secure footing and long lasting performance.

03**ANTI SLIP DESIGN**

Anti slip feet and secure rung surface ensure maximum grip and safety.

04**PREMIUM ALUMINIUM**

Manufactured using high grade aluminium for corrosion resistance and longer life.

05**150 KG CAPACITY**

Tested to hold up to 150 kg, delivering reliable strength you can trust.

06**INDUSTRIAL STABILITY**

Robust construction with stable base for safe use in industrial environments.

ENGINEERING IN EVERY DETAIL

01**ALUMINIUM RAILS**

High grade aluminium rails offer exceptional strength, corrosion resistance and long service life.

02**RUNGS**

Strong, wide rungs with anti-slip grooves ensure secure footing and enhanced safety.

03**ANTI-SLIP FEET**

Durable anti-slip feet provide excellent grip and protect surfaces from scratches.

04**JOINT ASSEMBLY**

Precision engineered joints for maximum stability, reliability and long term performance.

05**FINISH QUALITY**

Premium finish for a sleek look with superior durability and corrosion protection.

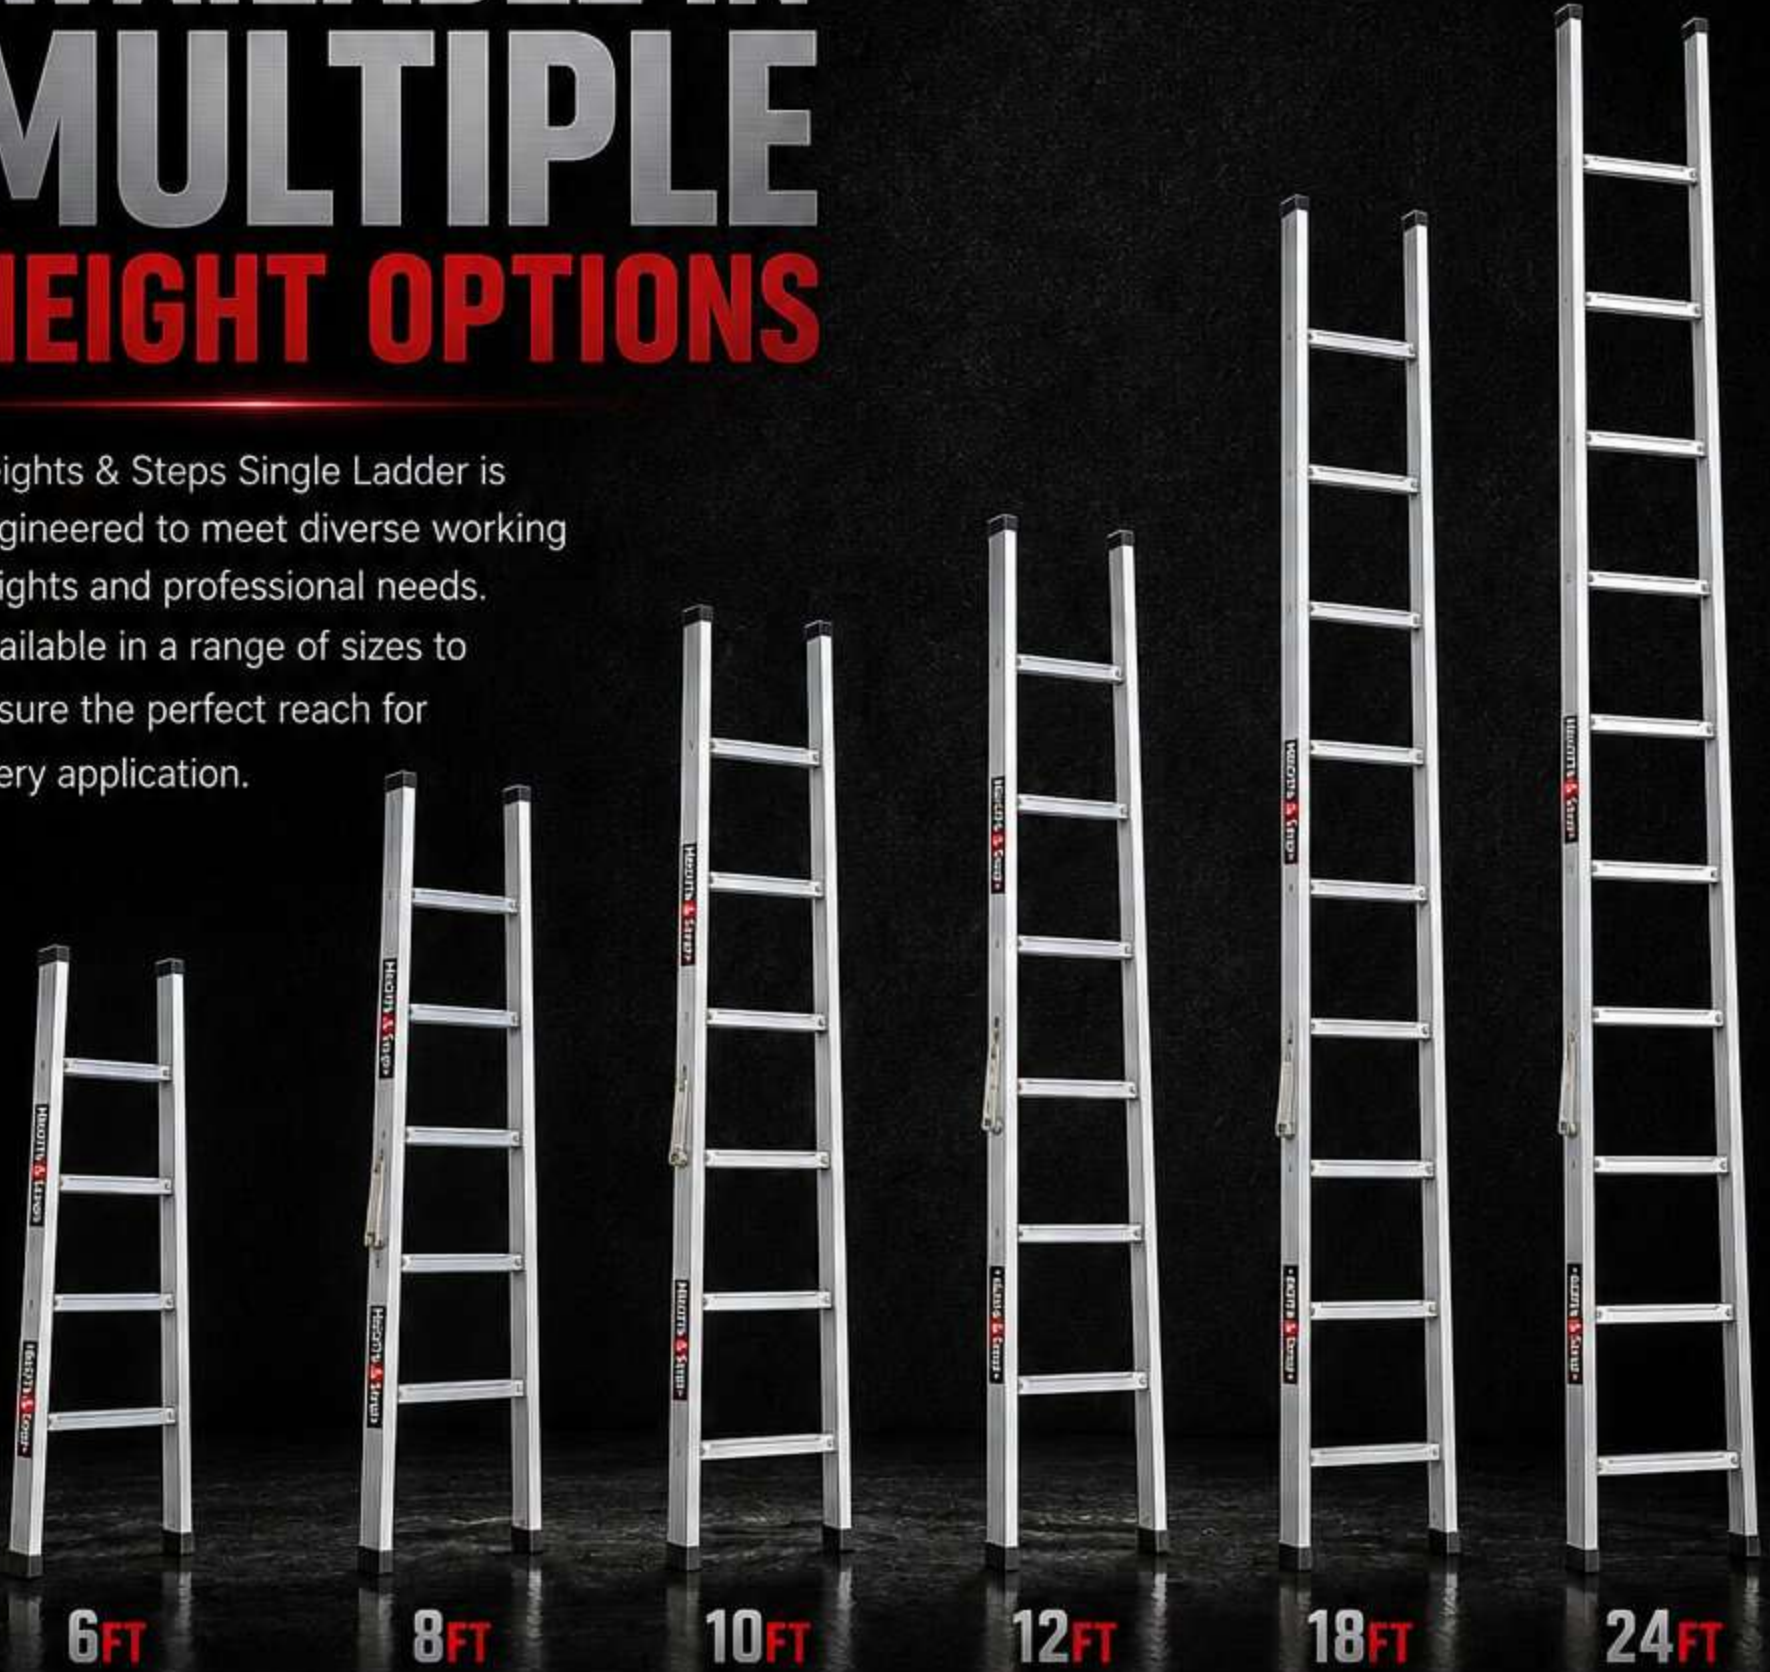

06**STRUCTURAL DESIGN**

Built with a robust design to handle demanding industrial and professional applications.

AVAILABLE IN MULTIPLE HEIGHT OPTIONS

Heights & Steps Single Ladder is engineered to meet diverse working heights and professional needs. Available in a range of sizes to ensure the perfect reach for every application.
